## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2, 4-7, 9-15, 17-22 and 24-27 are allowed.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 6, 14 and 21, the prior art of record to Chapman (6438123) teaches transmitting a registration message indicating support for a single header suppression protocol, namely RTP. The prior art of record to Geiger (5987022) teaches applying one of three header compression techniques based on the packet type identifier and a protocol identifier included in the packet. The prior art of record fails to reasonably show or suggest a registration message which indicates support for a plurality of header suppression protocols.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
